### PROVISIONAL PROGRAM

The Economic and Business Forum (EBF) covers six topics that explore the role of business and economics in fostering peace in the world.

#### **Does Business promote Peace or War?**

*A question that had Economists and Historians argue what causes what!*

*Does business provide fuel for the war or paves way for peace through economic equality?*

What happened to theories such as Capitalism, Socialism, and Communism in the present wave of Globalization where the World is One Market? Can countries continue to remain insular and still foster peace or can countries be globalized, embracing free trade and competition and still foster peace even if they lose in the competitive game under globalization? What recent strife in the world mean for the relationship between Business and peace or war?

- I. Entrepreneurship: Key to Sustainable Development & Poverty Reduction
- II. The Tourism Resource
- III. Asian/ASEAN Emerging Economies: Unleashing Entrepreneurial Power for Peace and Co-prosperity
